FLYNN

The Familiar Rush...

Here in this 1954 annual, we present the bees of our high school. There are many different varieties in our hive including drones as well as queens, but all have a common characteristic -- activity in Sayre High.

...at 3:35

The SAYRENADE is published by the senior class of Sayre Area Joint High School, Sayre, Pennsylvania.

Alma Mater

In the Susquehanna Valley,
Land of rippling streams and rills,
Is a busy little city
Nestling midst the Blue Ridge hills;
And 'tis there our Alma Mater,
May her praises never die,
Lifts her stately tow'r toward heaven
Dear beloved, old Sayre High.

For we're all staunch and loyal
And we're each the other's friend;
We will stick by our colors
Until this life shall end,
So while we're together
Let us give a ringing cheer
For the praise of Alma Mater
For our Sayre High School, so dear.

BOARD OF EDUCATION

The local schools are administered by three bodies- the directors of the Sayre Area Joint High School, board members of the Sayre Area Schools, and representatives of the Sayre Borough School District.

The Sayre Borough District Board is the parent organization, with Sayre members only. The Sayre Area Joint High School Board consists of thirteen members, two from each district other than Sayre which has seven. Districts represented are South Waverly Borough, Athens Township, Litchfield Township and Sayre Borough. The Sayre Area School Board deals with problems confronting grades one to six in South Waverly and Sayre.

Members of the different boards are elected for a period of four years. Terms do not expire simultaneously, so that at all times there are men experienced in school affairs on the board.

School directors are civic-minded citizens who are willing to make the sacrifices of time and energy necessary for the administration of schools. The Sayre board strives constantly to make available to the community the finest educational opportunities possible, strong in the conviction that the nation's finest investment is in its schools.

...Exercising Supervision

In his eight years as superintendent of the Sayre Schools, Mr. Snyder has won the respect and admiration of all. Students are impressed by his friendly manner of speaking and his ready smile. Through cooperation and helpfulness, he has helped school programs to function smoothly and effectively. Even though he has wide responsibility as superintendent, Mr. Snyder is keenly civic-minded and is also a well known public speaker. He is always present to congratulate students after public performances or after pupils have been given awards.

Among his many activities, Mr. Snyder is the immediate past president of the Northeastern District of the Pennsylvania State Education Association. He is presently the vice-president of this organization and has served on many study councils and workshops. Mr. Snyder was given national recognition by the American Association of School Administrators and has been mentioned in their national magazine for his commendable work.

Mr. Snyder has through his leadership and cooperation instilled a spirit of confidence and responsibility in the members of the Class of 1954.

H. AUSTIN SNYDER B.S., M. Ed.

JUDSON F. KAST A.B., M.A.

Attending to his many duties as principal of Sayre High School keeps Mr. Kast extremely busy. His office serves as a center for untangling various problems that arise in connection with faculty and students during the course of the year. In a routine day Mr. Kast acts as counsellor, adviser and friend to many students. Well-liked by the student body, he takes a personal interest in each pupil. Through his keen foresight and understanding, he is instrumental in helping many to overcome their problems. Taking an active interest in each class and its various projects, Mr. Kast devotes considerable time and effort to insure their success.

Aside from his duties as high school principal, Mr. Kast finds time to engage in numerous outside activities. He has the honor of being chairman of Pennsylvania Interscholastic Athletic Association District 4. He is also enthusiastic in promoting the work of the Bradford-Sullivan Counties Tuberculosis and Health Program. In addition, Mr. Kast serves as vice-president of the high school Parent-Teacher Association. In his spare time he relaxes at his cottage or farm. As an antique enthusiast, he enjoys the hobby of collecting and refinishing furniture.

We shall always remember the patience, the advice, and -- most of all -- the guidance he has given us.

Seventh Grade Laboratory Class in 213

Our Activities...

...Have Included

The Last Minute Cramming...

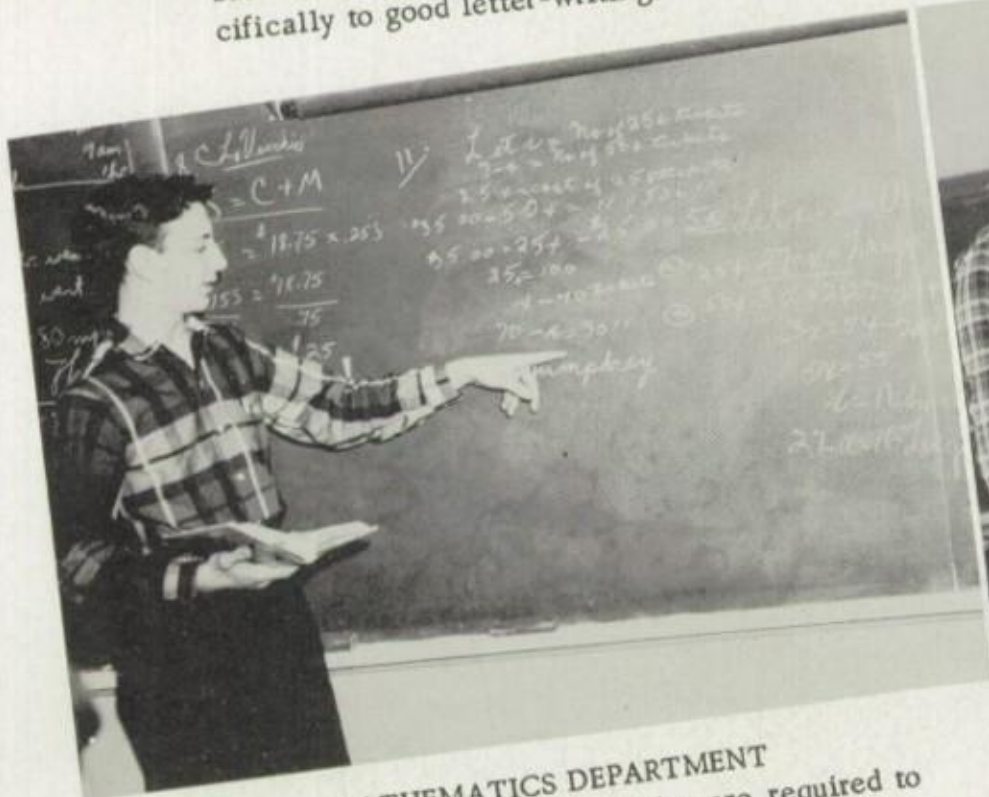

ENGLISH DEPARTMENT

English is required for all six years. In the junior high school years emphasis is placed on the study of grammar. The course of study also includes vocabulary development and literature appreciation. In the senior high school more stress is given to American and English literature, creative writing and vocabulary study. Students in the business curriculum have Business English in the twelfth year. They review the basic fundamentals of English which are adapted specifically to good letter-writing.

FOREIGN LANGUAGES

The Foreign Language Department offers two courses of study, Latin and French. The Latin course stresses the comprehension of written Latin and its application to English, plus some of the historical and cultural background of Rome. In the French course, emphasis is on the oral approach to the language, striving towards a good pronunciation and oral comprehension.

MATHEMATICS DEPARTMENT

The seventh and eighth grades are required to take mathematics dealing with problems occurring in everyday life. In ninth grade a student may begin with Algebra. A course in Plane Geometry involves the study of forms such as triangles, parallelograms, and circles. Seniors may elect Solid Geometry dealing with lines, planes and areas in their special relations, and Trigonometry which involves a study of triangles and development of their properties and relationships. A student may also select courses in general mathematics.

SCIENCE

Seventh grade science covers one semester of study. Classes in eighth and ninth grades consider the constellations and earth construction. Biology distinguishes relationships between plant and animal life. General chemistry deals with household principles. The college preparatory course is concerned with experiments which acquaint students with laboratory procedure. Physics deals with the study of matter and energy as related to mechanics, heat, light, sound and electricity.

...For The Tests We've Had

STENOGRAPHIC COMMERCIAL

The stenographic division of the commercial course consists of Stenography I and II which teach students the fundamentals of this subject including dictation and transcription. Secretarial Office Practice is studied in the senior year. During the second semester, the seniors work for nine weeks in three different offices gaining actual business experience.

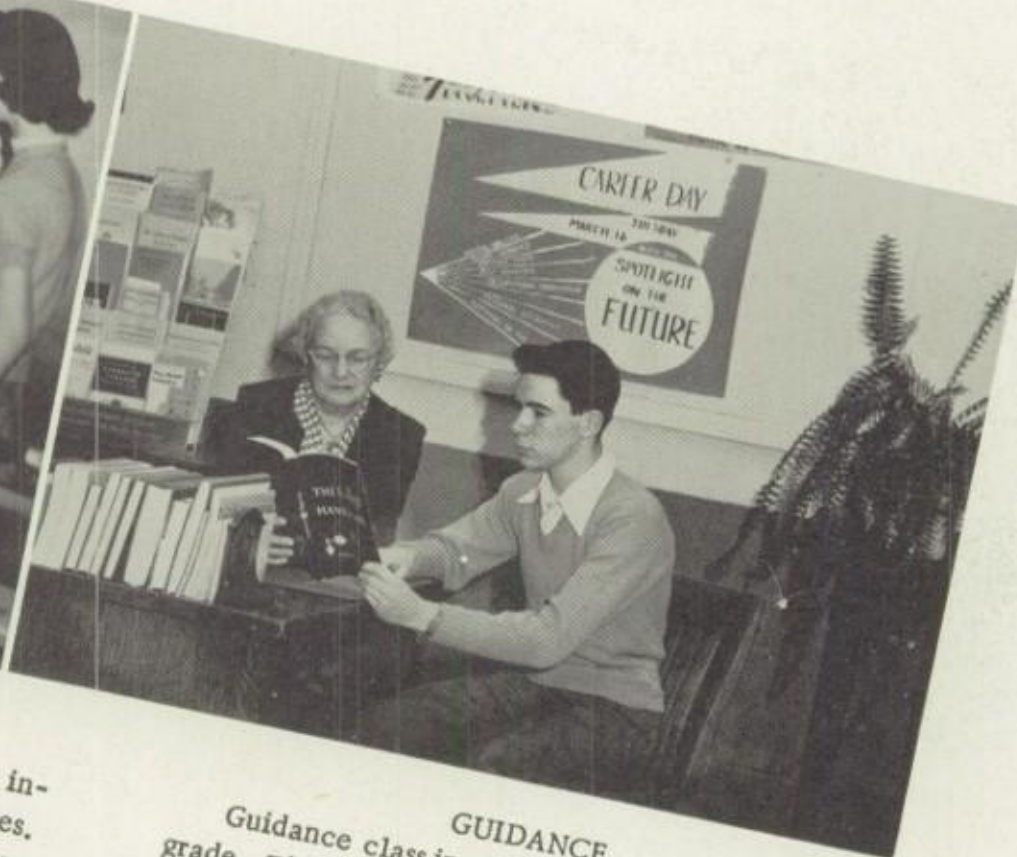

CLERICAL COMMERCIAL

The clerical division includes Bookkeeping I and II, Clerical Office Practice, and Typewriting. In Bookkeeping, the students are taught the bookkeeping cycle and its application. During the second year mimeographing is taken up. The Seniors taking Clerical Office Practice learn, primarily, to operate business machines used in offices. The seniors are able to apply their knowledge of Bookkeeping by working in offices for nine weeks.

SOCIAL STUDIES

Histories in the junior high school include seventh and eighth grade studies. The ninth grade is required to study Constitution and Pennsylvania History. World History, a tenth grade subject, deals with the history of the old world. American History is required of the juniors. The seniors may elect Problems of Democracy having to do with the problems of economic and social living.

GUIDANCE

Guidance class instruction is given in the eighth grade. This includes phases of educational and social guidance, as well as the administration of achievement and mental ability tests for all students. Career Day offers the students an opportunity to hear and confer the experienced leaders in various occupational areas.

The Noise, The Fun...

LIBRARY CLASS

The library class is held once a week for the purpose of acquainting seventh grade students with the library and its work. Miss Matanle teaches the students the correct usage of encyclopedias, dictionaries, and sources in which to find author information for book reports.

MUSIC DEPARTMENT

Vocal music includes girls' and mixed choruses, music in the classical, semi-classical, and popular fields. Instrumental instruction prepares students for band and orchestra work. The Band presents a concert each spring. The Orchestra plays for assemblies, plays, and other activities. Junior Band and Orchestra provide good experience for those in junior high school.

GYM AND HEALTH

A diversified Gym program has been set up for students in the junior and senior high. In the fall, football is high-lighted with the boys while the girls enjoy softball, tennis, archery, soccer, badminton, and speedball. Basketball is featured during the winter. Spring sports are track and baseball. The Health program includes the study of mental, emotional and physical health.

HOME NURSING

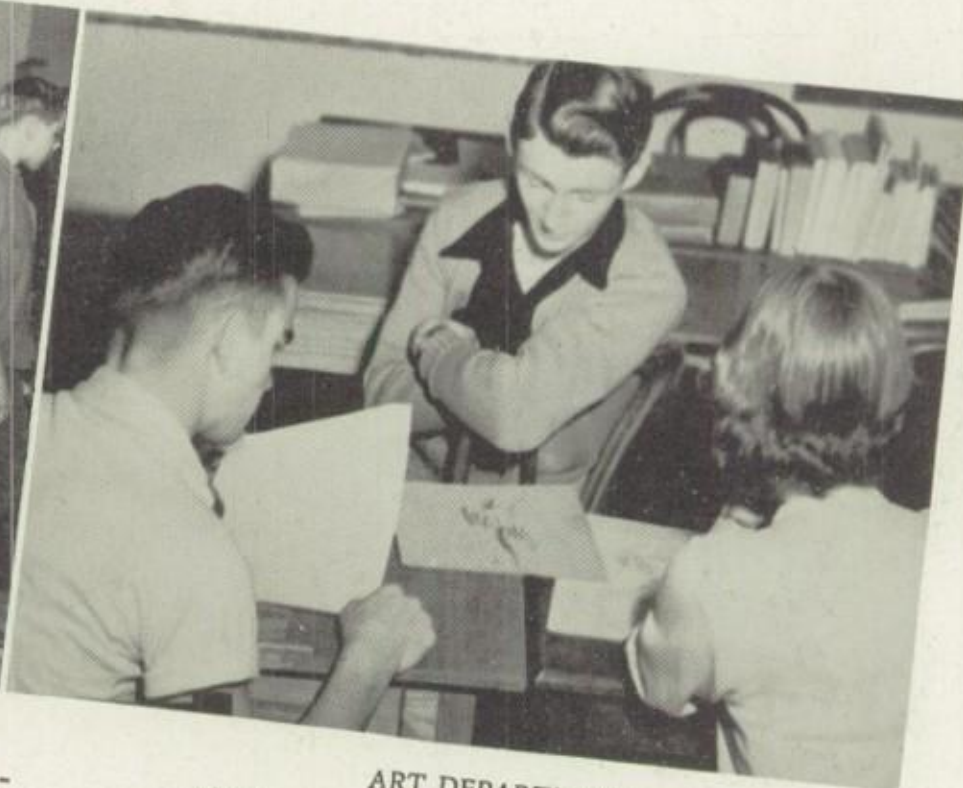

One of the classes related to Physical Education is Home Nursing. The objective of the course is to help the students learn how to give simple home nursing care. The senior girls learn to apply first aid and other emergency measures which would be beneficial if a doctor were not immediately available. Instruction in maintaining cleanliness is also part of the course. This course offers an excellent background for any girls interested in the nursing profession.

...The Mistakes We've Made

SHOP

The Shop course is divided into Woodworking, Metal Work, and Electricity. The boys learn to make small useful projects. First each boy must sketch his project and list the necessary materials. In senior high, the boys undertake more complicated projects. Mechanical Drawing consists of drawing tool parts, architectural drawings and blue prints.

ART DEPARTMENT

The Art Department is kept busy the year around. The junior high classes are given a great variety of opportunities to express themselves creatively in the fundamentals and practice of freehand drawing. In the senior high classes of Design much additional practice in freehand drawing is required but the emphasis is placed upon the study and practice of the principles of design in the fields of color, representational and abstract design, and design in two and three dimensions.

DRIVER EDUCATION

Creating safe, sportmanlike drivers is the objective of the course in Driver Education. Some of the equipment used in the classroom includes a new practice steering device, a traffic display board, a bulletin board, charts, peripheral vision testing device, and a distance judgment tester. It has been established that students who have completed a course in classroom instruction and practice driving are safer and more skillful drivers.

HOME ECONOMICS DEPARTMENT

One of the most practical courses offered in the high school curriculum for those interested in a domestic career is Home Economics. It has two distinct divisions, Foods and Clothing. One half of the year is devoted to sewing, the other to cooking. Students learn the right foods for nutritious meals. Senior high considers problems of child development and care, and household equipment and care.

The Things We've Done...

Social highlights of the school year are the Junior and Senior Proms. At the Senior Prom Joyce De-Kay was crowned "Cinderella". A fairyland pumpkin coach made of pink paper mache was the featured centerpiece. Don Alliger and his orchestra provided enjoyable music for dancing. Many things combined to make this a perfect "Cinderella Ball".

At our Junior Prom the couples spent a lovely "Evening in Paris." A Parisian atmosphere prevailed and the green awnings and little tables gave the effect of the well-known sidewalk cafes. Many couples danced to the music of Charlie Tremain's Orchestra.

...The Praise We've Won

As bees are drawn to honey, so boys are attracted to food as if by magnetic force. The Home Ec girls receive a great deal of kidding about their baking but it seems as if the kidders are always the first in line to sample the finished products.

Two minutes before curtain time - a last desperate glance at your lines. Your butterflies begin with the orchestra, the curtain opens and - you're on!

The parents and students gather in the gym as the Exhibit gets under way. The Art, Home Economics, and the Industrial Arts Departments combine to display projects completed in classrooms during the year.

Have Given To Us...

It was a joyful occasion when the All-Valley Trophy was returned to Sayre High after it had been captured by the Waverly Wolverines' football team the previous year. Through expert coaching, team co-operation and school spirit, the Redskins defeated their worthy opponents and finished with an undefeated season. Although Sayre will lose one-third of its team, the remaining underclassmen will form the nucleus of a strong team in 1954.

Sounds of last minute coughing and whispering fill the auditorium. A cue from the director - dead silence, Sayre High is on the air. Through the facilities of WATS a variety of radio broadcasts have been presented from our auditorium by the students.

One of the most enjoyed assemblies this year was a panel discussion with the foreign students. From Thuraya and Jean-Pierre we learned about the customs and ways of living in their respective countries, Lebanon and Belgium. Likewise our students exchanged interesting and often amusing ideas about ourselves.

...Rewards And Fun

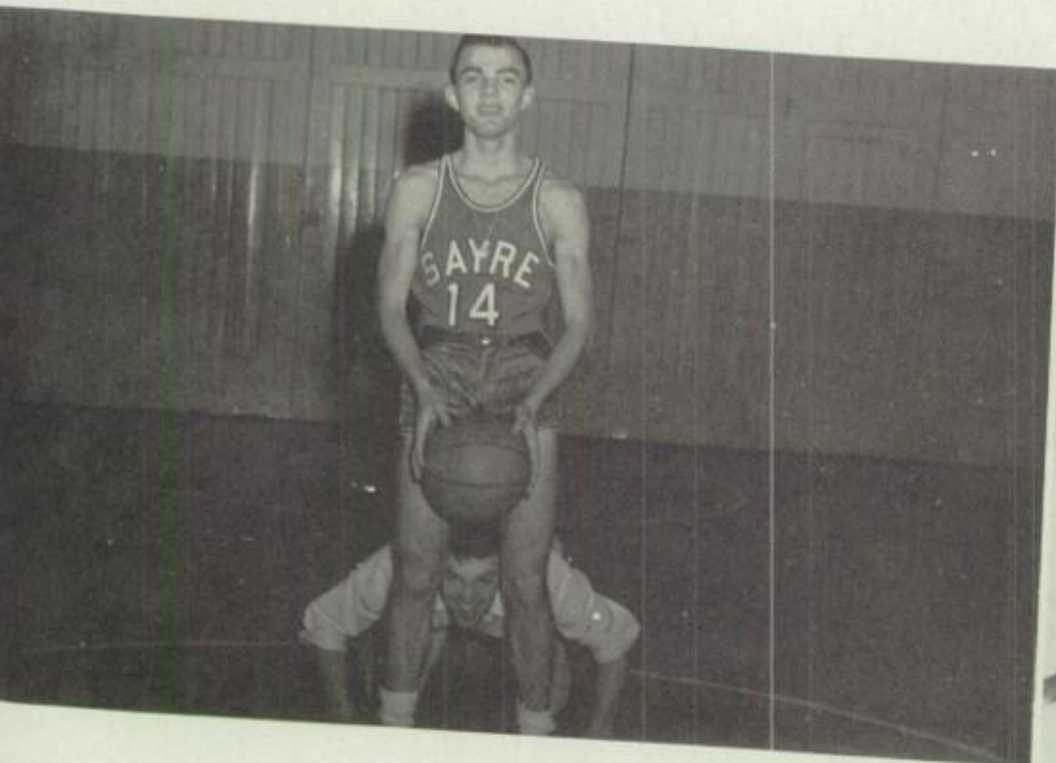

An old fashioned square dance provides a welcome break between the routine class periods of the day.

The noon bell causes a mad rush for the cafeteria, but a Student Council member slows down the hungry throng by shouting "Walk"! Once in the cafeteria, you can eat in peace.

There's always a joker in the crowd, and an all important basketball practice proves to be no exception. What kind of a new fangled shot is this?

Last year Sayre High was host to the Northeastern District Press Conference. Between group discussions and round tables students enjoyed looking at the exhibit of magazines, yearbooks and newspapers.

Planning The Future...

Miss Prince points out the many vocational opportunities

CAREER DAY

Today high school students realize more than ever that it is never too early to begin thinking about and planning for one's career. Miss Kathryn Prince, guidance director, arranges Career Day for high school students to learn and discuss vocational opportunities with experienced personnel in various occupational fields. Students attend their choice of four conferences which appeal to them most. The general assembly with an outstanding speaker who addresses the entire student body on a topic centering around the Career Day theme features the afternoon program. Representatives from various schools and colleges are available for interviews with students.

Mr. Snyder, Dr. Langley, Dr. Decker, Miss Prince, Richard Rathbun, Isabelle Adam

Automobile group conference with Mr. Theetge

One of the highlights of the 1953 Career Day program was a keynote address by Dr. Ralph Decker, President of Wyoming Seminary in Kingston, Pennsylvania. Dr. Decker's topic was "The Forward Look," in which he stressed the importance of a sound education.

FOREIGN GUESTS

In January, Sayre High School was part of a practical experiment in international understanding with the visit of two foreign students, Thuraya Lababidy from Lebanon and Jean-Pierre Jeukenne from Belgium. Barbara Taylor and Michael Dowd received the two guests as members of their families and in the next two weeks these two delegates familiarized themselves with American customs as guests at many social events, at organizations and assemblies, and also at points of interest in the area.

The "Big Wheels" And "Ringers"...

Student Council

The Student Council is composed of one representative from each homeroom plus one member-at-large from the junior and senior classes. Students are elected to these posts by their classmates. The Student Council has undertaken many projects. It directs the flow of students to the cafeteria, it sponsored a clean-up drive, and at Christmas gave a prize to the two best decorated fooms, one in junior high and one in senior high. Miss Streby and Miss Tozer are the advisers.

National Honor Society

Each year the National Honor Society selects members from the junior class who have an average of at least 90 per cent or are in the upper ten per cent of their class. This year there are fifteen junior and eleven senior members. The faculty judge the prospective members on the qualities of service, scholarship, leadership, and character. The seniors hold the formal initiation during the second semester. Following the initiation a tea and reception are held for the parents and members of the faculty. Sponsoring the organization is Miss Mary O'Boyle.

NATIONAL THESPIAN SOCIETY

One of the honorary organizations at Sayre High is the National Thespian Society. Membership is bestowed upon those who have earned a necessary number of credits. Members are admitted in their junior and senior years and are installed at a special ceremony. The motto of the Thespians is "Act well your part--there all the honor lies."

ROW 1 - Thrasher, Kohler, Beahan, Hendershot, Krotzer, Hancock, Kane
ROW 2 - Tuttle, Stein, Hartung, Johnson, Kenrick, Williams, Flynn

CAP AND CUE

The Cap and Cue Dramatic Club is organized to further interest in dramatics. Some of its projects this year include the presentation of several plays and skits; aid in applying make-up for various programs; the sponsorship of the National Thespian Society; and the award at commencement of dramatic prizes to the senior boy and girl outstanding in dramatic arts. Mrs. Wildrick is the sponsor.

Our Clubs Provide...

Ushers' Club

Girls from both junior and senior high comprise the Ushers' Club, whose purpose is to usher for the main events of the school year such as plays, band concerts, the Redskin Review, Music Festival, the baccalaureate service, and commencement. During the club period the girls learn the seating arrangement of the auditorium. Worth while information is also gained from the discussions which are held under Miss Streby's leadership. This year the members have decided to wear dark skirts and white blouses while ushering for school events.

ROW 1 - Shoemaker, Walmsley, Reynolds, Deubler, Heeman, Voug
ROW 2 - Shoemaker, Wiley, Angelo, Hanas, Whitehead, Springe

Sophomore Thesians

Sophomores who are interested in dramatics belong to this organization, newly organized last year and sponsored by Mrs. Holst. Its projects include make-up demonstration, reading lines and producing plays. Each year a one-act play is presented by the club members in an assembly. These plays provide valuable experience for those who will participate in greater dramatic work. This year at the club period before Christmas vacation a party was held.

SEATED - Talada, Hubish, Braund, Nobles

Sketch Club

One of the new clubs formed this year is the Sketch Club sponsored by Mr. Layman. Membership is limited to six or seven senior high students who take Design or Art in their curriculum. This club furthers the chance to bring out their talents in sketching, designing, drafting, and creating different and original ideas. Some of their projects were to paint Christmas cards, to sketch outdoor life and landscape, and to make drafts from a photograph or person. The members also made field trips to sketch nearby points such as the hospital, swimming pool, and the pond.

Casselbury, Harris, Borits, Adam, Bobick, Sargent

...A Welcome Break

Dance Club

A club designed for both junior and senior high school girls is the Dance Club sponsored by Miss Bohr. The girls begin with elementary steps of the easier dances like the waltz and fox trot and develop them into such dances as the jitterbug, polka, rumba, charleston or the Mexican Hat dance. Dancing is prescribed as a relaxing exercise and will also develop graceful muscles in all parts of the body. Members learn the correct use of music rhythm and how to express themselves in dancing.

SEATED - Frutchev, Lantz, Kepner, Leahy, Keene, Shoemaker, Chacona, Gregori, Knowles.

STANDING - Mullaly, Harper, Detrick, Miller, Seibel, Seibel, Scott, Merrick, Harshbarger, Wood, Hoag, Renshaw, Hancock, Langeland, Hotalen

Dance Band

Classical, popular, jazz, - all these types of music are played by the Dance Band during its club period each Wednesday. Mr. Hauver has organized this group for the purpose of teaching students the correct way to play music in a dance band. The interested musicians have joined this club as a preliminary before branching out to form their own independent bands. This club does not play for any social affairs but spends all of its time practicing a good dance style. Later some set up their own orchestras, buy their music and play for the dances after football and basketball games to earn a little extra spending money. Through this club the students are striving for better dance band organizations to provide good entertainment at important social events.

SEATED - Leonard, Valinch, Hubish, Hartung, Cipperly, Keener, Potter, Hartung, Harper.

STANDING - Deubler, Billings, Wing

In The Weekly Routine...

Mixed Chorus

Classical, popular, and swing--all these types of music can be heard with the door of room 104 every Wednesday. The Mixed Chorus, made up of boys and girls from senior high school, is conducted by Miss Dawn Peechatka, the director of vocal music. Many students who do not have time to belong to the regular chorus groups join this club. Most of the period is spent in singing. The club members participate in choral entertainment; they have joined the club chiefly because they enjoy singing but have no other time available.

Future Teachers Of America

A new club making its debut in Sayre High this year is the Future Teachers of America Club sponsored by Mr. Cooley. This club inspires members to consider teaching as a career after they are graduated. An impressive candlelight ceremony was held in December when the officers of the club were installed. Various school officials were present. Other activities included a banquet in the spring for all retired teachers of the Sayre schools and a visit from the Scranton F.T.A. club to demonstrate what their group is doing.

Typing Club

A newly-organized club in Sayre High this year is the Typing Club of Miss Elizabeth Bouton. The purpose of this club is to aid the business student in the ability to type with more speed and accuracy. One of the features of the club is the instruction given in the care and operation of machines for office use. In order to increase their speed and typing accuracy members first type to music and then proceed to the monthly Competent Typist Tests.

ROW 1 - Hutsick, Diltz, Clark, Kenish, Phillips, Collins, Wolcott, Chandler

ROW 2 - Wolcott, Streeter, Draper, Dougherty, Bogart, House, Chamberlain, Ryck

Metal Craft Club

Once a week the Metal Craft Club meets and each member is free to use all equipment necessary in making his own project. This club is of benefit to the boys who do not have the opportunity to use the metal shop during regular class periods. The club elected officers and discussed ways in which to improve their works. Some of the projects were knives, rings, and other kinds of jewelry which a member could use. All boys get to use the machines and learn how to handle them skillfully.

Library Council

Miss Matanle, high school librarian, sponsors the Library Council which offers membership to students from grades nine to twelve who are interested in working in the library. Members learn the correct filing methods, the proper way to mend worn books, how to put classification numbers on books, and also the location of different classifications in the library. Working at the desk, stamping outgoing books and filing incoming books provide the club members with a well-rounded picture of library work.

Some For Actors...

Gridiron Club

The Gridiron Club is organized for the sole purpose of keeping boys who are interested in playing football acquainted with the sport. Boys wishing to join this club are accepted from grades eight through twelve. No letter is required to join. Most members of this club, however, are lettermen but the younger boys are familiarized with the game by reviewing the past season's games on film. Coach Haggerty, the club sponsor also explains the rules of football to the group, and instructs them in such a manner that they will be both better players and better sportsmen on the gridiron.

ROW 1 - Stein, Page, Baker, Cole, DeKay
ROW 2 - Hutsick, Johnson, Arcesi, Titus, Comstock, Carpenter, Snyder
ROW 3 - House, Franks, Maurer, Fisk, Tompkins

Photography Club

The Photography Club is very popular, especially among avid camera fans. During the club period, the boys receive instructions on the various phases of photography. First they learn the process of developing negatives and next the actual printing of the pictures. The club members are also instructed on selecting proper subjects to assure good pictures. Mr. Miller, the club sponsor, introduces the boys to special equipment such as the microfilm camera and the enlarger and teaches the students proper methods in using them. This club gives the boys practical and useful knowledge in all phases of photography.

Pep Club

The largest club in the school, the Pep Club, is divided into two groups, senior high and junior high Pep Club. During football season the club was especially active when the members helped organize a large cheering section in which they distributed red and blue balloons and confetti. At the Troy game they had the concession stand to raise money for their biggest project, the Victory Dance for all students to honor the undefeated football team. All the club's undertakings were supervised by Miss Bohr, physical education teacher, and the varsity cheerleaders.

Majorette Club

The flashing of batons, fancy stepping, and the thud of a dropped baton portray a typical Majorette Club meeting. The club, organized by the majorettes and sponsored by Miss Jean Woodring, was formed to teach girls the art of twirling and strutting. The girls are classed as beginners or advanced twirlers; the high school majorettes teach those in the beginner group the fundamental twirls and those in the advanced group the more intricate twirls. Half of the regular club period is devoted to twirling and the remainder is spent stressing the importance of strutting.

We Have Clubs...

Ninth Grade Dramatic Club

One of the newly formed clubs this year is Ninth Grade Dramatic Club. Miss Theetge started this club for the purpose of developing amateurs into actors and actresses. The club period is used for learning drama technique and good theatre. The students also spend time doing pantomime and scenes from famous plays. One of the things very important behind stage is make-up which students are learning to apply correctly. Each year the club puts on one production for the high school students. Miss Theetge hopes that through this organization students will be better prepared for the junior and senior plays.

Foreign Language Club

Designed to help the members become more acquainted with other countries is the Foreign Language Club, sponsored by Miss Gillette. Through various games, movies, parties and bits of conversation in different languages the junior high members learn the customs of the different European countries, France and Germany in particular. By being in this club students can acquaint themselves with other countries and may be stimulated in their desire to continue with the study of a foreign language.

Tri-Hi-Y

The Tri-Hi-Y is a junior high club under the sponsorship of Miss Geraldine Stocum. Its purpose is to create, maintain and extend throughout the school and community, high standards of Christian character. Its platform is for self improvement, Christian fellowship and united service. The girls have a well-formed program. The slogan which they use is "Pure words, pure thoughts, and pure actions." Their objective is "To seek, to find, and to share." Their national symbol represents their personality, spirit, mind, and body. Each year the girls have a book on Teen Topics. Speakers come in and discuss different problems with the girls.

Collectors' Club

People who like to collect things would be at home in the Collectors' Club of Sayre High. Articles collected range from stamps to coins. At first the members brought in their own various collections but as time went on, the club emphasized the collecting of foreign coins and United States and foreign stamps. Through the stamps and coins a person can learn much about a country such as costume, way of living, and customs. Stamp and coin collections which are begun here in school often lead to very valuable collections in future years. Mr. Rehrig, who is a collector himself, is the group sponsor.

"Love is in the Air"

With Miss Geraldine Stocum directing, the Juniors presented their class play March 14. Love was really in the air—at least around the Truitt household: Gert, the mother, was trying to persuade her husband Elmer to take her to see "Blossom Time"; daughter Gladys was attempting to maneuver Roscoe into proposing; son Clarence wanted to know the name of the pretty new girl across the street; and poor 13 year old Maggie was having trouble finding a date for anything at all. However, all the situations resolved themselves by the closing curtain, even to Gramp's getting his ride in a jet plane.

"Out of the Frying Pan"

On November 20, the Seniors presented their annual class play under the direction of Miss Beverly Theetge. The plot centered about the experiences of six young actors and actresses who were attempting to break into show business. From the opening curtain until the final curtain call, the audience evidenced its appreciation of this hilarious comedy by constant laughter and tremendous applause.

THE CHIEFTAIN

One of the publications in Sayre High is "THE CHIEFTAIN," the school magazine, which appears three times a year. The staff consists of the literary, art, production, and business departments. After the literary work is completed and approved by Mrs. Holst, a dummy is put together of all the material. The dummy then goes to the art department, where appropriate illustrations are drawn for the subject matter with the help of Mr. Layman. The dummy next goes to production where students of the business curriculum type the stencils and run them off on the mimeograph machine under the direction of Mr. Cooley. The business staff directed by Miss Bouton distributes the magazine to all the homerooms. Frequently delegates are sent to the Pennsylvania and Columbia Press Conferences. Sidney Beahan is 1954 editor-in-chief.

SAYRENADE

The Seniors' major project is the publication of the annual yearbook. Work on the 1954 book began early last summer as the staff met to draw plans for the publication. As soon as school had begun, the photography staff was busy with pictures, the art staff with illustrations, the typists with copy, the advertising staff with solicitation and the literary staff with a never ending stream of legend and copy.

The junior staff secured their posts largely on the basis of trial and joined with the seniors as apprentice workers. Nearly all yearbook work has to be done outside school hours, so the staff members found themselves extremely busy. There were the usual snags, and the occasional flashes of inspiration as work progressed steadily, until on February 12th, amid a chorus of sighs, the final copy was shipped for the 1954 "Sayrenade."

The Redskin Revue is an annual event held to display hidden talent. Students in various groups represented characters to typify a circus theme. Before the main performance the traditional circus parade took place through the auditorium. Dick Johnson, as ringmaster, introduced each act. Some of the side show attractions were the bearded lady, tattooed man, strong man, wrestlers, Siamese twins, tall man, midget, and the fat lady. A capacity audience enjoyed the performance, the proceeds of which are used to finance the noon movies.

... Our Clear Voices

NORTHEASTERN DISTRICT CHORUS

The Northeastern District Chorus Festival was held in Sayre January 14th, 15th, and 16th. This choral group was representative of seventy schools and was composed of one hundred seventy voices. Mr. Walter C. T. Ehret, the guest conductor, is outstanding in the field of chorus direction. While in Sayre, the students had an opportunity to tour the Robert Packer Hospital and to see the Lehigh Valley Shops and the Ingersoll Rand buildings. Entertainment included the Sayre-Athens basketball game, a dance and party held in the ball-room of the Sayre Elks home and the annual banquet given for the chorus and directors before the concert. At 8:00 on Saturday evening the boys and girls assembled on the stage for the program of eighteen numbers. There was a small audience in attendance made up mostly of friends and relatives. After the concert was ended, the out-of-town students set out for home in the midst of one of our worst snow storms, tired but happy after their excursion.

THE MAJORETTES

Led by eight spirited majorettes and a high stepping drum majorette, the Sayre High Band marches on the field. At the half-time football shows the band is led through their various formations by the majorettes who through their baton routines and intricate dance steps add color and interest to every game. Besides appearing at football games they also participate in all parades, in the Redskin Review, and in the May Festival. Their white uniforms are accented by gold braid, complete with white boots, and white hats with flying plumes. In order to be assured of the girls best qualified they are chosen on qualities of strutting and twirling ability.

Fair, But Not Fragile...

"GIRLS' SPORTS"

One of the most enjoyable of the school activities is the girls' sports program. This consists of regular gym classes and intramural sports under the supervision of Miss Jean Bohr.

The gym period affords a varied program of both team and individual sports. Some of the team sports are basketball, softball, volleyball, speedball, and kickball. The individual sports are mainly archery, tumbling, tennis, badminton, and pingpong. Besides these, dancing is enjoyed as part of the program.

The intramural sports include basketball and softball, the games being held after school hours.

Among the most popular sports is basketball, included in both intramural and gym work for junior and senior high school girls. Teams are organized by the girls, and by practicing on their own time they do a very good job of playing the game. Basketball rules and fundamentals are taught to girls as part of the regular gym classes.

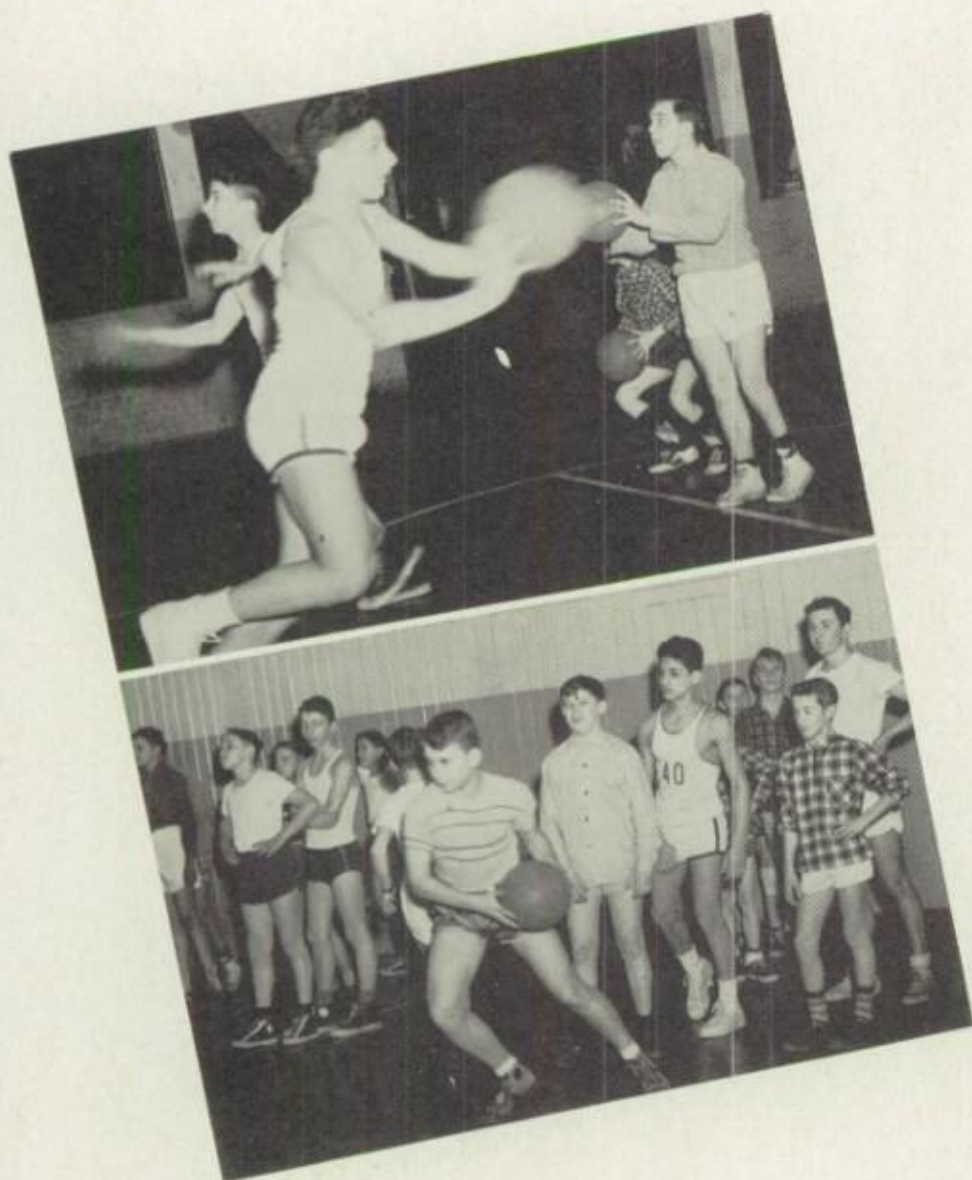

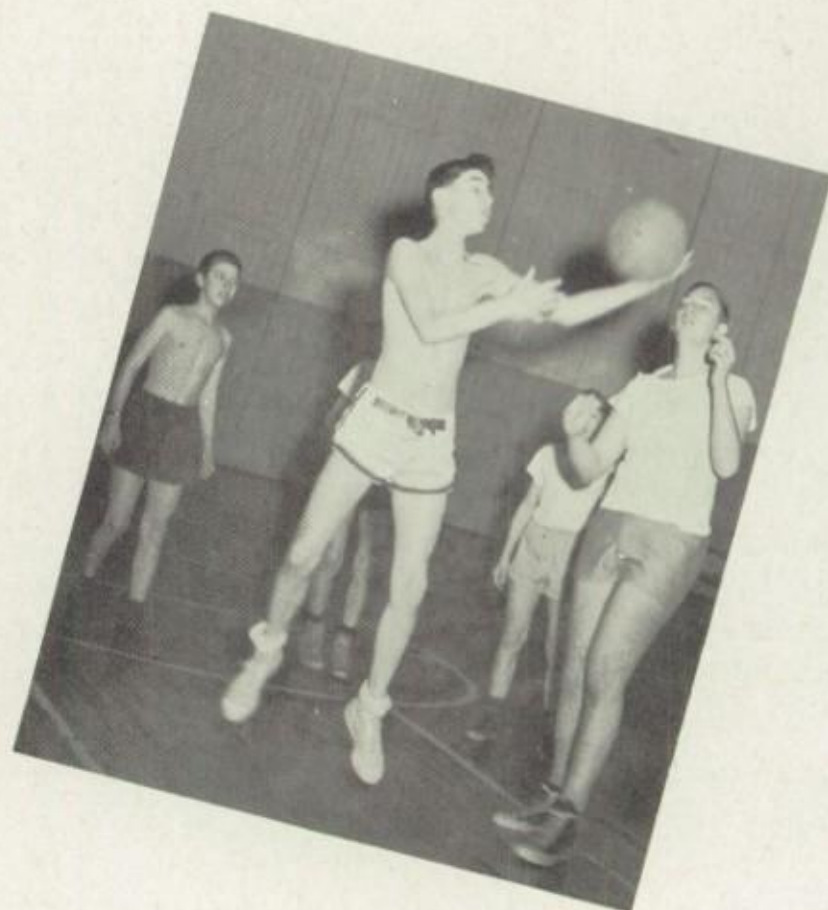

The girls' sports program not only provides a form of enjoyment and relaxation but also teaches good sportsmanship.

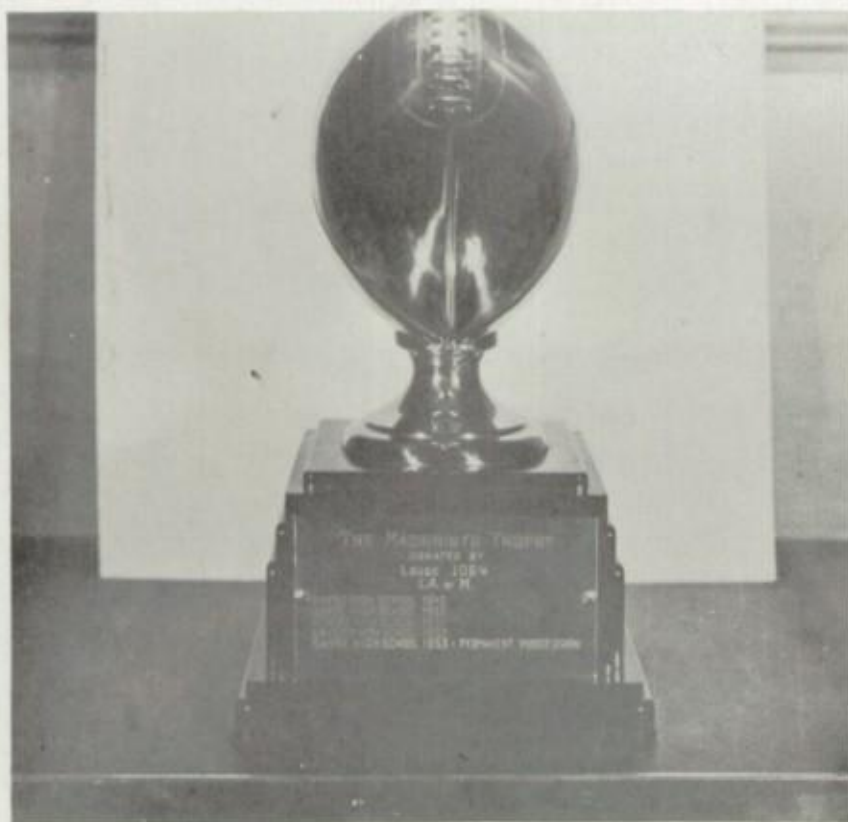

... Muscular And More Enduring

"BOYS' SPORTS"

Boys' sports in Sayre High School are centered mostly around the Physical Education classes under the guidance of Coach Cal Welliver. The boys participate in intramural activities. During the fall season, the boys are busy on the gridiron playing football. This sport is carried on during gym classes until the weather forces the boys inside to the gymnasium. The winter sports center mostly around basketball; however, volley ball, indoor baseball, boxing, wrestling, dancing, and a few other activities are carried on by the boys. In the spring, when weather permits, the classes once more return to the outside where the varied games include baseball, softball, tennis, basketball, track and field events, football, and badminton.

An Undefeated Season...

The Ingersoll-Rand trophy came into Sayre's permanent possession after the Redskins for the third season finished with the best record among the competing teams of Waverly, Sayre, Athens, and Towanda.

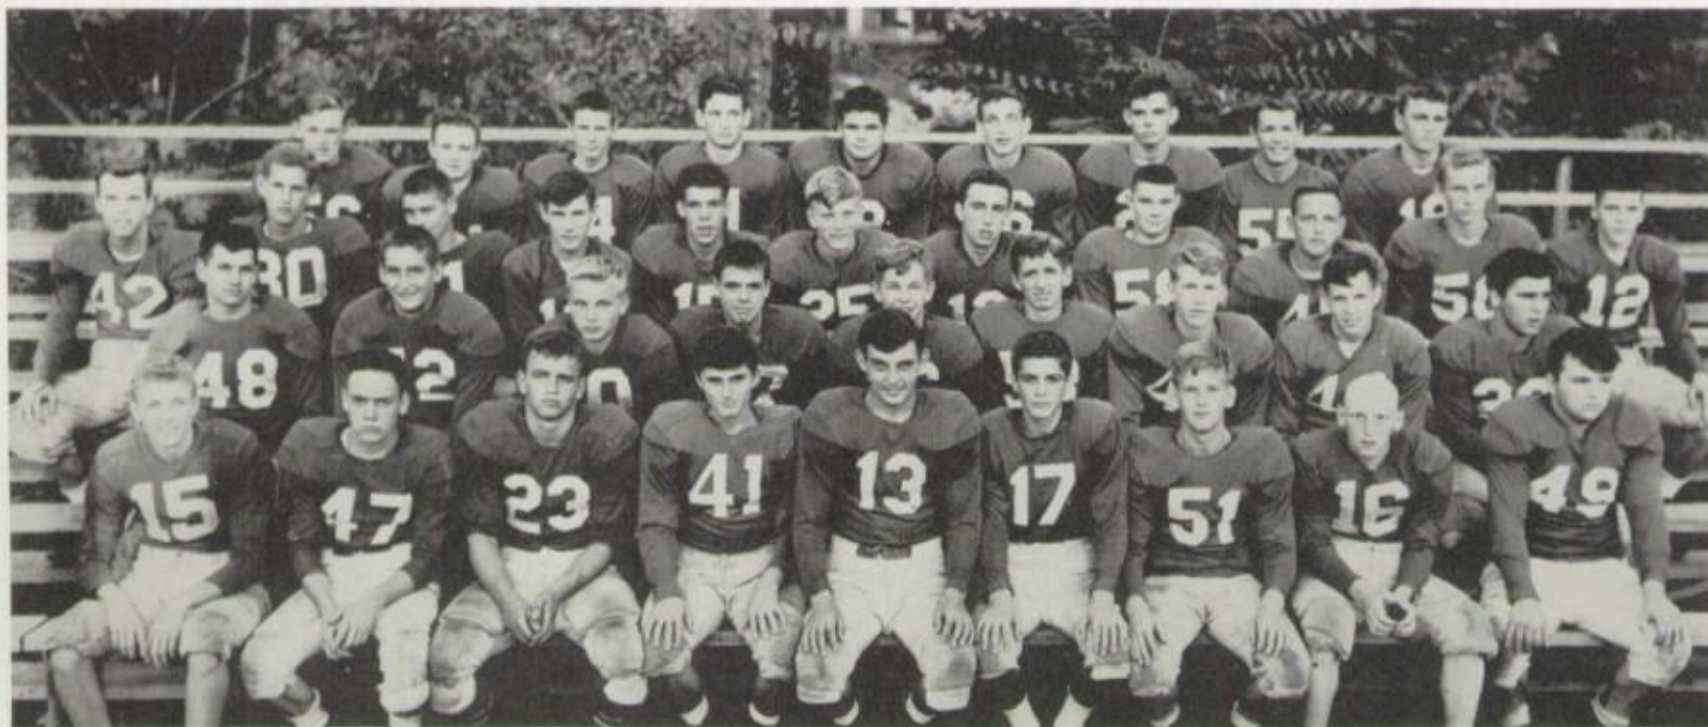

The Haggertymen gained their second triumph when they edged a stubborn Jessup eleven by a narrow 21 to 18 margin. Although the score indicates a close game, the Redskins completely dominated the fray. The entire Sayre line played magnificently as they held the visitors to just 45

The Redskins under the tutelage of Coaches Haggerty, Weiss and Regrig completed their 1953 gridiron campaign undefeated and untied, thus establishing one of the most sensational records ever compiled by a Redskin team in Sayre High's long history on the gridiron.

In winning all eight games, the Redskins were victorious over such traditional rivals as Athens, Waverly, Towanda, Troy and Forty Fort. In addition the Red and Blue conquered Muncy, Jessup, and Corning Free Academy.

The Redskins staged their opening game on home grounds against a strong Forty Fort eleven. However the Fort men proved to be no match for Sayre's powerful warriors as the downstaters were trampled 33 to 14. This game was marked by many outstanding individual performances including those of Skip Benjamin, Carl Comstock, Tom Page and Frankie Durizch in the backfield while Joe McCabe, John Palipkonich and Jim Dunfee sparked in line play. Sayre's longest run of the evening was that of Tommy Page who broke loose for a 63-yard touchdown jaunt. Sayre's other scoring was handled by Benjamin who tallied twice on short runs, Durizch and Comstock.

yards rushing. The Red and Blue scoring chores were handled capably by Durizch who scored twice on line plunges, and Benjamin who crossed into pay territory on a 30-yard end sweep. Page converted for all three extra points.

...Fulfilled The Team's Hope

...And The Coach's Foremost Wish

Durizch, Carmody, Palipkonich, Page, Hanas, and McCabe were selected for the first team of the All-Valley squad.

First of the valley teams to fall before the Redskins was a fighting Athens team who were crushed 19 to 0. Durizch again led the Redskins by crossing the enemy's goal line twice, while Page added the remaining seven points on an 81-yard sprint and conversion.

The following week the Troy eleven, despite their fighting spirit, were outplayed by the flashy Sayre gridgers who defeated them 26 to 0.

The Red and Blue next overpowered the mane of Muncy by a lopsided 47 to 18 score. This game also marked the annual Parents' Night with many Moms and Dads guests at the game and luncheon that followed.

In Sayre's second bid to regain the valley championship, the Redskins overcame Towanda 26 to 7. Led by fleet halfback Tommy Page who scored three times, Sayre had little trouble in coasting to its sixth victory.

The day of recognition finally came on October 30th when the Redskins clashed with the undefeated Waverly Wolverines before more than 6000 fans at Waverly. The resulting 20 to 16 triumph brought the valley championship once more to Sayre. The game was featured by the defensive play of the entire Sayre squad which held down Waverly's passing attack, totaling 260 yards. The climax came with Page's interception of a Waverly pass in the final minutes as the Wolverines threatened. Sayre's bulwark of strength, Frankie Durizch, accounted for two touchdowns while Tom Page scored on a 51-yard run.

Page breaks up a Jessup scoring threat

The following Friday saw the new valley champions at home to complete their 1953 gridiron season by smashing a weak Corning Free Academy team 43 to 13. Almost the entire game was played in a blinding snowstorm; however the Redskin attack was not slowed, as Durizch and Page each tallied twice while Comstock, DeKay and Palipkonich accounted for the other scores.

To the stalwart linemen belongs tremendous credit for the successful campaign. They outfought and outplayed the opposition consistently throughout the season.

Statistic-wise over the season Sayre amassed a total of 235 points to their opponents' 86, or an average per game of 29 to 10. The Haggertymen scored an amazing number of touchdowns, 36 in all, and made good on 19 of 36 points after touchdown. Leading the touchdown parade was Frank Durizch with twelve, followed closely by Tom Page with eleven. However, Page was responsible for the conversions so he led the team in total points.

As the 1953 gridiron season come to a close, so did the high school football careers of several Redskins. Playing their final year for Sayre were Joe McCabe, John Palipkonich, Bob Farrell, Steve Hanas, Jim Dunfee, Ray Sargent, Wes Bizilia, Ed Kelly, Skip Benjamin, Jeff Green and Jim Satterly.

Often Victorious...

The Redskins won their season opener at home, by turning back Wellsboro 43-33 in a non-league tilt. Although the game was close most of the way, the Red and Blue took charge in the final period and pulled away for an impressive victory. The Sayre quintet was sparked by Tommy Page's 17 points and Bob Farrell who scored 11 points.

Sayre went down to their first defeat of the season at the hands of a flashy Johnson City five. This first Redskin loss can be attributed mainly to a shaky first period in which they were outscored by 12 points.

The Sayre Basketeers returned to the victory column the following week as they smothered a weak Leraysville team by a 61-49 count. Led by sharp shooting Wes Bizilia, who hit consistently with his set shots, the Sayre offensive machine finally seemed to be working smoothly, after their two previous shaky starts.

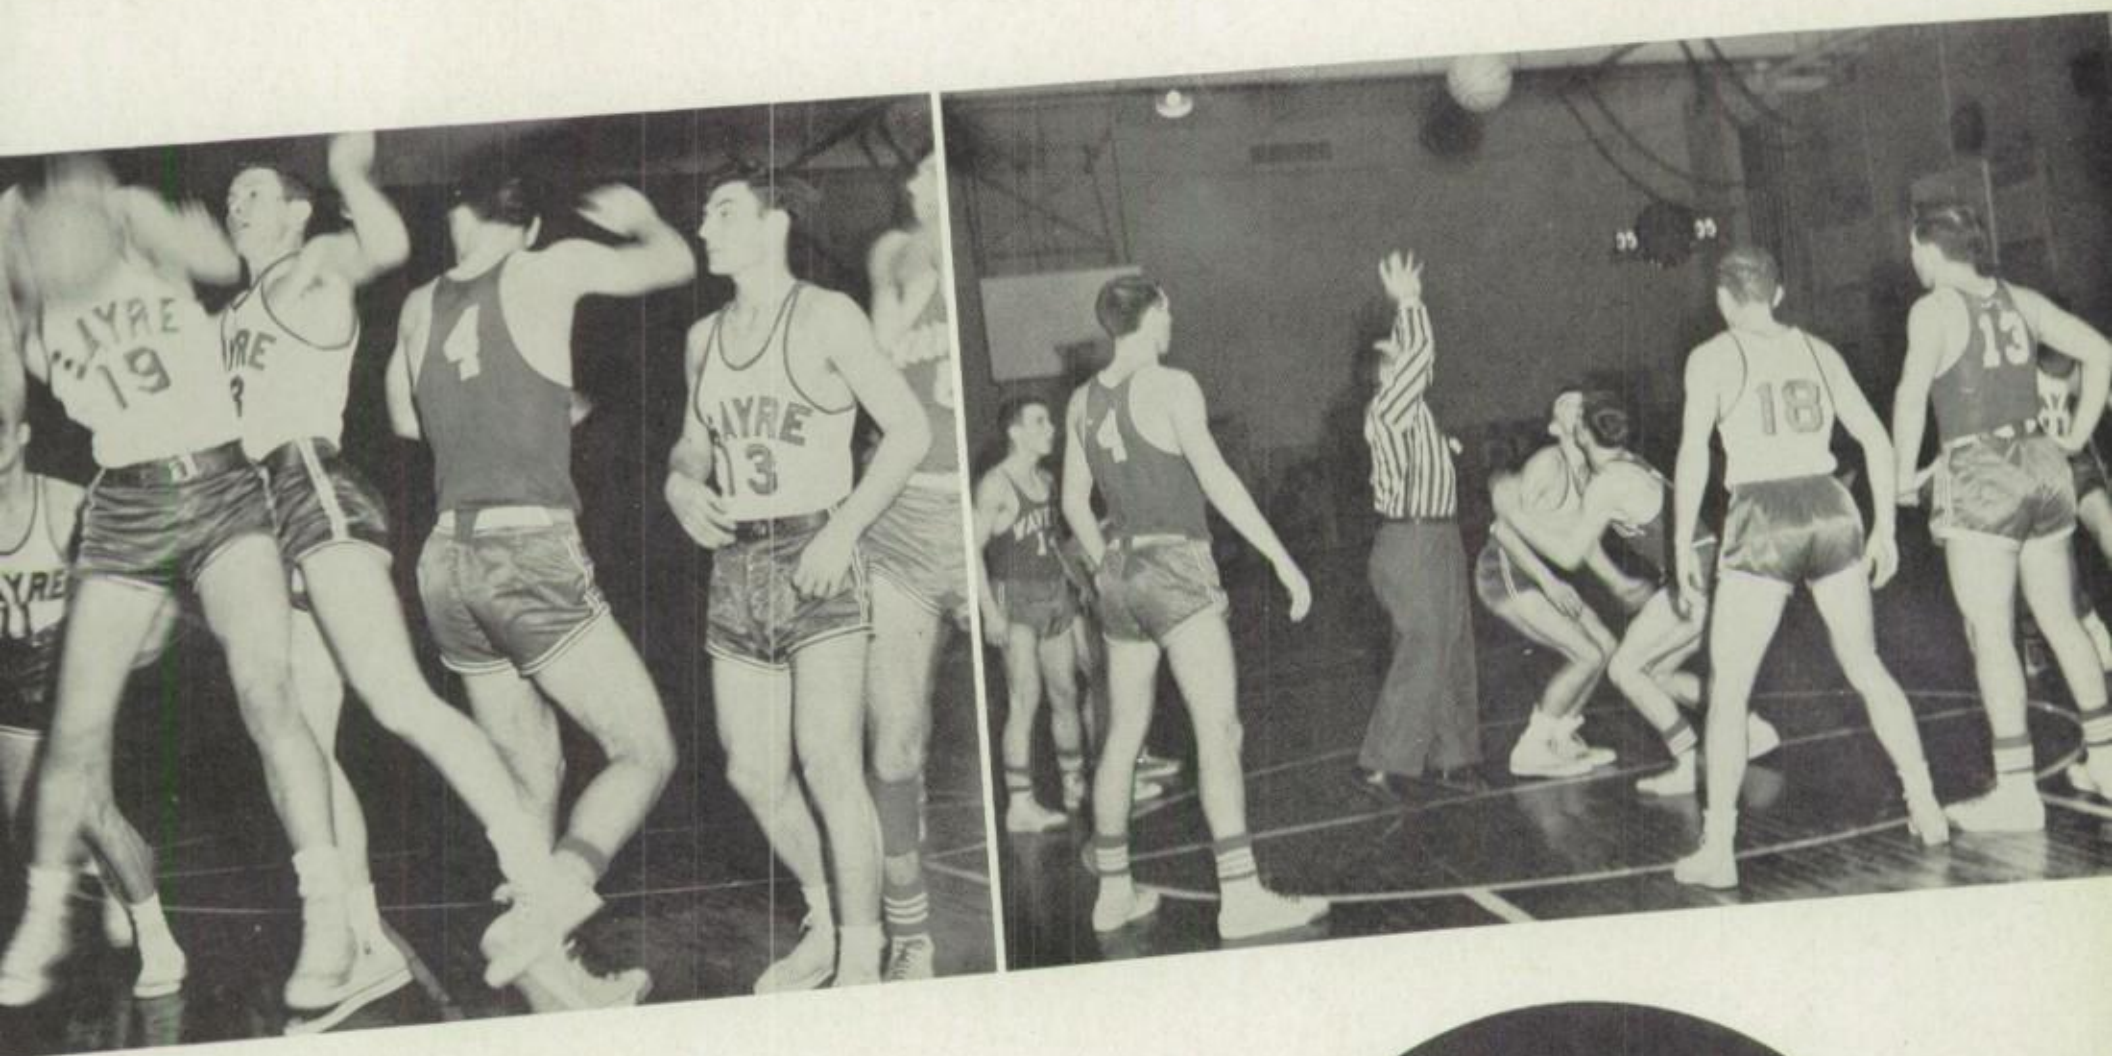

After beginning the season with three non-league games, the Red and Blue opened their Roosevelt Trail League campaign against Canton. In doing so the Sayreites were successful in downing Canton 59-51. The Wellivermen led by Bob Farrell with 22 points and Tommy Page with 15 tallies, were given less trouble than the final score indicates. They were never headed and led at halftime by 18 points, a sufficient lead to coast to an easy victory.

Our Spirited Cagers...

Sayre remained undefeated in Roosevelt Trail League play by edging Towanda on Black Knights' court 52-48. Although the Towandans did take an early lead, the Red and Blue managed to close the gap by using an effective pressing zone, and evened the score at halftime. In the second half, paced once again by Bob Farrell with 22 points and Tommy Page with 15, Sayre led by one point going into the final period. However, they had widened the count to four point going into the final period. However, they had widened the count to four points when the game ended. The Sayre team proceeded to go on the rampage at Wyalusing to win its third Roosevelt Trail League game 83-41. Bob Farrell again led the Sayre scoring with 16 points. The Sayreites returned home to face Athens following the Wyalusing game, but were narrowly beaten by the Athenians 55-53. The game played before 1000 screaming fans was exciting throughout. Sayre scoring was again spearheaded by Redskin Ace Bob Farrell, who tallied 19 points.

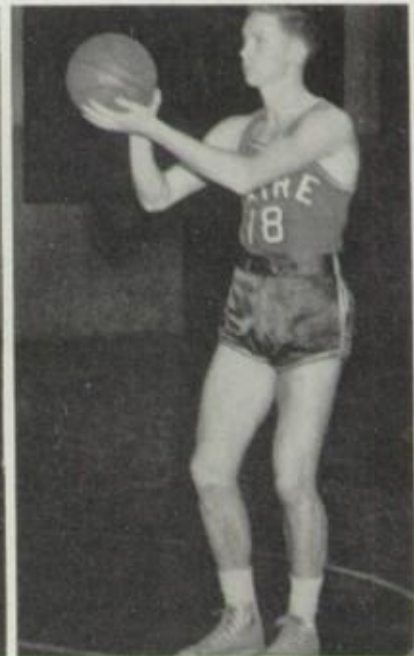

The Sayre quintet was given very little rest following the Athens game as they were immediately faced by the Waverly Wolverines. Again the Wellivermen were defeated, but not until they had almost upset the favored Waverly five. The Red and Blue took an eight point lead at halftime, but faded the second half to lose 51-44. The fast moving floorwork of the Redskins combined with an effective press had given them the halftime lead; however due credit should be given the Waverlyites who played a marvelous brand of ball the second half to win the game. Tommy Page and Bob Farrell led the scoring parade for Sayre with 15 and 17 points respectively.

The Sayre cagers had little trouble in downing Mansfield the following week, as the Redskins coasted to a 72-31 victory, their sixth of the season in nine starts. The offensive attack of Sayre was smooth running throughout the entire contest, paced by dead eye Tommy Page. Bob Farrell and Joe Carmody helped the cause along also by contributing 11 points apiece.

The next Redskin victims were the hard fighting men of Troy who went down before the Red and Blue 56-53. After trailing most of the way Sayre tied the score in the third period and they were headed only once again in the fourth period. This important victory together with an Athens defeat at the hands of Towanda returned Sayre to the top of the league. Bob Farrell with 16 points led the scoring attack; however Wes Bizilia with 13 is given credit for providing the club with the spark which ignited the game winning rally.

Sayre won its eighth game of the season by downing Towanda 49-46 for their second victory over the Knights. The Redskins led all the route. The closest the Towandans came was in the last period when they were within one point of tying the men of Welliver. Bob Farrell again led Sayre's scoring attack with 18 points while Tom Page came through with 12 tallies.

Sayre's worst defeat of the season was suffered at the hands of a fabulous Binghamton Central five. This setback was by a 100-55 score. The Redskins were never outfought as Tom Page led the offensive attack with 14 markers.

The Redskin five returned to their winning ways the following week by outclassing Canton 61-56 on the latter's court. Sayre led most of the way but was very close in the final period. Bob Farrell was again high scorer with 27 points and was the only Sayreite to hit double figures.

The Red and Blue proceeded the following week to set a new point mark in Sayre High's court history by walloping Wyalusing 102-36.

This massacre was marked by a remarkable number of successful field goals, 51 in all, while 36 fouls were scored. Bob Farrell was highscorer of the evening with 34 points, while Tommy Page scored 23 and Wes Bizilia 18.

The Sayre Basketball season of 1953-1954 was definitely one of the best in recent years. The team set new records, was in contention for the Roosevelt Trail League Championship, and showed the traditional Sayre fighting spirit. The season was also the last for many Redskin cagers. Playing their final season in Sayre uniforms were Jim Farrell, Bob Farrell, Skip Benjamin, John Borits, Jim McQueeney, Wes Bizilia, and Bernard Bentley.

Late season games found Sayre winning over Johnson City 59-57, Troy 58-51, Mansfield 89-48. Losses were to Waverly 48-68 and Athens 50-64 in the playoff for league championship.

Because of proficiency in the track events and two years of experience for most of the boys, the track team of Sayre High School proved highly successful in 1953 season.

Russ Montz, John Mullaly, Phil Hartung, and Layton Benjamin were the pride and joy of Coach Glen Haggerty and, for that matter, of the whole school.

Russ took many first places, including the high jump at the valley meet and the broad jump and high jump at the District 4 meet. John and Phil won the mile run and 440 yard dash respectively at every attempt. Layton Benjamin placed first or second many times in the 100-yard dash and 220-yard dash, and so contributed greatly to Sayre's total scores.

In the District 4 meet about eight of the boys qualified to participate in the allstate meet at Penn State. Of these, two placed in the finals: Phil Hartung, fourth in the 440 and John Mullaly, fourth in the mile run.

Track letters were awarded to Jim Cole, Claude House, Russell Montz, Phil Hartung, Edward Daniels, Charles Merrick, Keith Van Allen, John Mullaly, and Manager Harold Peterson.

The final results of the 1953 season were as follows:

ROW 2 - White, Regan, McCabe, Carmody, Durizch, Flynn, Bonney

The Sayre High School baseball team, under the guidance of Coach Victor Weiss, concluded its 1953 season with three wins and nine losses. Regardless of the record the Sayre nine played terrific ball, suffering defeats by close scores.

Off to a good start the Redskins defeated Troy 9-5. Frank Durizch, sophomore catcher, blasted a homerun starting a rally in the fourth inning to win the game.

Canton gave Sayre its first loss scoring 16 runs to 1. But Paul Flynn, Bob Farrell, and Durizch succeeded in belting good hits.

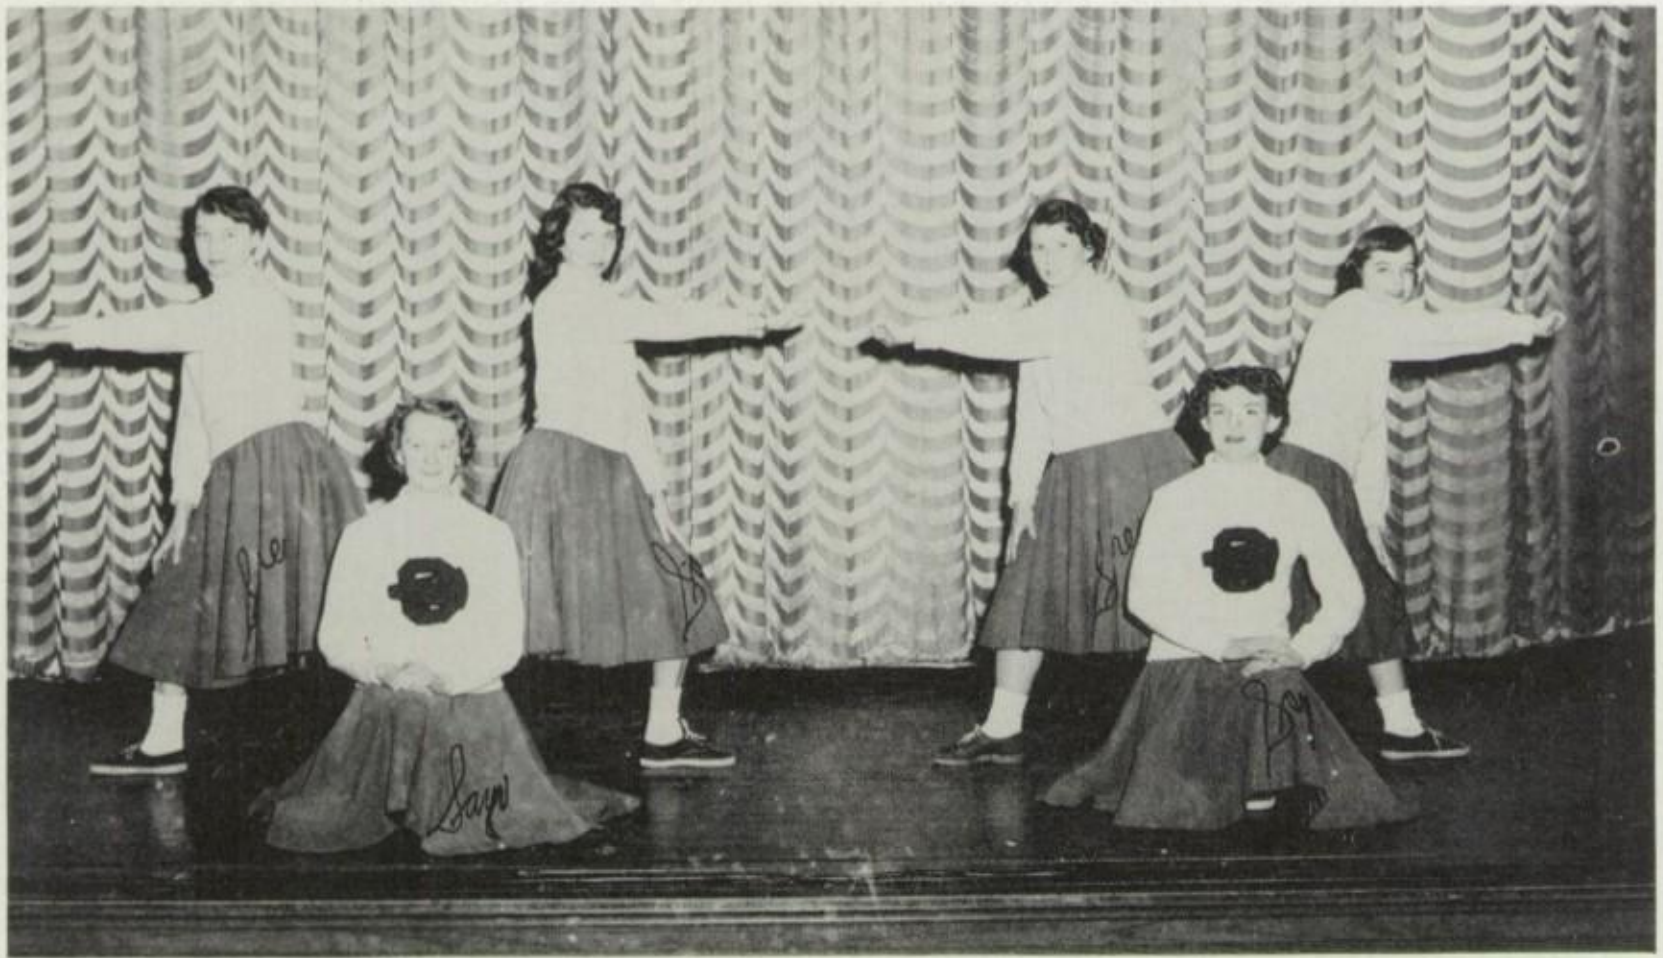

The Redskins racked up their second win defeating Towanda 11 - 10 in an eight-inning thriller. Star hitters were Kenrick and Farrell with Leo Bonney on the mound.

The Waverly nine nipped Sayre 8 - 7 despite the grand slam homerun and triple by Flynn plus hits by Joe McCabe, Kenrick, Farrell, and Ray Sargent. But Sayre came right back defeating Athens 3 - 2, although Sargent had Sayre's only hit.

The Sayre team lost the rest of their games but not without putting up a good battle, losing to Wyalusing, Troy, and Towanda by heartbreaking scores of 3 - 2, 5 - 4, and 6 - 5 respectively. Kenrick, second baseman, Farrell, shortstop, and left fielder Paul Flynn starred for the Redskin hitting squad to finish a not too successful but exciting season.

JUNIOR VARSITY CHEERLEADERS

CLOCKWISE - Beahan, Scanlin, Wolcott, Lantz, L. Albert, S. Albert, Horn, Snyder

One of the most colorful and energetic parts of our sports program is the cheerleading group who lead the spectators in cheering the team and creating a good school spirit. The varsity cheerleaders are chosen from grades ten through twelve on a basis of leadership, personality, sportsmanship, and skill. They meet twice a week in the gym to practice and to arrange new cheers. This year the cheerleaders organized the Pep Club sponsored by Miss Jean Bohr. During football season pep rallies, snake dances, and bonfires are held to stimulate the interest of the students. The two seniors serve as alternate captains during football and basketball seasons. The cheerleaders' bright uniforms consist of red corduroy skirts, white sweaters offset with red and blue cheerleader emblems, and beanies. The junior varsity cheerleaders are chosen from the eighth and ninth grades by a committee of teachers. Candidates must have the same qualifications as varsity cheerleaders. They cheer, however, only during basketball season. Their uniforms are red and blue jumpers with white blouses. This junior varsity cheerleading provides good experience for those wishing to become varsity cheerleaders. In order to maintain their positions on the squad the following year, all cheerleaders, both varsity and junior varsity are required to try out each year.

....All These Things, We'll Never Forget

True, without a backward glance we are leaving our Alma Mater, but we carry within our hearts the cherished memories of our years at Sayre High. We hope this 1954 Sayrenade will recall these memories to us more vividly in the future years.

Our Personnel

Secretaries

A most essential part of our personnel is the secretarial staff. Through their efforts the offices of the superintendent and principal are kept in tip-top shape. They are always busy, yet never too busy to take time out to assist the never-ending throng of students that are always in their respective offices.

Mrs. Ryan, Mrs. Newhouse, Mrs. Deubler

Maintenance

Everyone will agree that our maintenance staff is certainly a very important and indispensable part of Sayre High. Outside of their regular duties of keeping the school spic and span, they are always willing to help the students with their preparations for proms and other special events.

Mr. Ball, Mr. Hogan, Mrs. McCarroll, Mr. Blackman, Mr. Donlin

Cafeteria

Through the efforts of Mrs. Hicks and her staff, we are able to enjoy well-balanced and delicious meals every day in the school cafeteria. The staff plans, prepares, and serves the daily lunches to a large number of students. Much deserved credit should go to our capable cafeteria staff.
